

VALENTINA RAMÍREZ

FRONTEND DEVELOPER & UX/UI DESIGNER

[linkedin.com/in/wavival](https://www.linkedin.com/in/wavival) wavival.dev@luminaw.co [+57 302 101 1753](tel:+573021011753)

SUMMARY

I design and develop responsive, accessible web interfaces with a strong focus on user experience. Skilled in HTML, CSS/Tailwind, JavaScript, and Figma, I create intuitive layouts, interactive components, and UI systems. Passionate about combining front-end development and UX/UI design to deliver functional, high-quality digital products. Interested in contributing to projects in international and remote environments.

SKILLS

HTML5, CSS3	Responsive Design	Effective Communication	Attention to Detail
Tailwind CSS, SASS	SEO Principles	Time Management	Teamwork
JavaScript	Web Accessibility	Problem Solving	Continuous Learning
Git, GitHub	Figma	Adaptability	

EXPERIENCE

Aurelia UI Kit – Web & Mobile Design System

2025 - Present

- UX/UI Designer
- Designed a complete design system in Figma with reusable components, typography, color palette, and interaction states.
 - Created responsive layouts for web and mobile to ensure consistency and scalability across devices.
 - Applied accessibility guidelines (WCAG) to improve usability and inclusivity in all components.

Ubuntu – Organic Composting Landing Page

2025 - Present

- UX/UI Designer & Front-End Developer
- Designed and prototyped a responsive landing page in Figma.
 - Developed with Astro, SASS, and JavaScript, implementing call-to-actions and engaging storytelling.
 - Applied UX principles to guide users through the benefits and process steps.
